PUBLIC USE OF CHILDREN'S AREA POLICY

I. PURPOSE OF THIS POLICY.

The Children's Library within the Library facilities is a special part of the Library housing special collections, programs and services designed especially for children (preschool through grade 5). The purpose of the Children's Library in the Norelius Community Library is therefore to provide children and their caregivers with access to these special children's materials, programs and services.

II. POLICY

The Children's department is available for use by those patrons who are accessing the special materials contained in the children's collection and for use by children and their caregivers, to attend children's programs, and to utilize other services provided by children's departments. Patrons not included in these categories may be required to leave the children's department and instead use other areas of the Library.
