Chapter 16: Library Buildings

Library boards need to be aware of the laws that affect the existing library building.

Library Meeting Rooms

The library board is charged with responsibility for the library, including meeting rooms. The major decision to be made in this area is whether to allow meeting rooms to be used only for library programs or to open them up to community groups. A federal court ruling in 1989 (*Concerned Women for America, Inc. v. Lafayette County*, 883 F.2d 32) defined library meeting rooms used by the public as public forums in which constitutionally guaranteed free speech is allowed. This means that if a library meeting room is open to one public group, it must be open to all public groups. The library board may make rules on the times that the meeting room can be used, how much to charge for the room(s) and the manner of use of the room(s) but not which groups can use the room(s) if open to all public groups.

Another law applying to library meeting rooms states that meeting rooms must allow a precinct caucus to be held in the library. In part, the section states that “...upon the application of the county chairperson, the person having control of a building supported by taxation under the laws of this state shall make available the space necessary to conduct the caucus without charge during presidential election years and at a charge not greater than that made of its use by other groups during other years...” (**Iowa Code 43.93**).

Occupational Safety and Health Act (OSHA)

OSHA is within the U.S. Department of Labor; its mission is to protect the health of Americans in the workplace. For detailed information about the act at the federal level, refer to the [OSHA website](#). For more information about library staff health and safety at the state and local level, refer to the [Iowa Division of Labor Services](#).

Building and Renovation Projects

When embarking on capital planning of any kind, the board and director should familiarize themselves with city, county, or state laws that will supersede anything addressed within

this section of the Trustee's Handbook.

Capital Improvement Projects

Capital improvement plans, also known as CIPs, vary in scope. Relatively small projects that are not part of a major renovation and do not involve new construction require a plan that, at a minimum, lists identified supplies/materials, estimated costs, and an anticipated timeline for completion. Projects qualifying as capital improvements can include furnishings and equipment (including computer hardware and software) roof replacement, new HVAC systems, and other renovations such as installing an elevator or an exterior ramp.

Large projects such as new construction, major additions to the existing building, or major renovations of a portion of the building require a detailed capital plan and account for the second type of CIP. Large capital improvement projects will be discussed in the remainder of this chapter.

As trustees face the challenges of planning library services for the future, increased space and additional locations may become a major consideration. Boards must decide whether to build a new facility, renovate or expand current facilities, or find an existing space to be converted into a library. Construction plans should be considered in the context of the total library plan. Trustees need to study community needs, explore alternatives, identify potential funding sources, and establish priorities. Most planning processes will lead to the identification of a probable date when the new library facility should be in operation.

New Construction

While construction of a new building may be the best answer, it may not always be the most feasible answer. New construction should be measured against other options, i.e. purchasing an existing building, leasing an existing building, remodeling the current building, adding an addition to the current building, or in some cases adding branches. Depending on the library and its services, the addition of a bookmobile or other outreach techniques may be considered in expansion plans.

Americans with Disabilities Act (ADA)

Libraries are subject to the ADA, including assuring that persons with disabilities can use the services of the library. A library being built or remodeled must be constructed without obstructions to a person with a disability. Questions about specific building requirements should be addressed to the office of the State Fire Marshal in the Iowa Department of Public Safety at 515-725-6170, or find more information on the **State Fire Marshal** website. More information about the Americans with Disabilities Act is available on the **United States Department of Justice** website at www.ada.gov.

Combined School -- Public Libraries

Although there are a few combined library facilities in Iowa, nearly every community considers, at least briefly, the feasibility of a combined school and public library facility. Such libraries are typically housed in a single facility and ideally, they should provide both the curriculum support functions of the school library and the service functions of the public library for the community.

If your community considers a combined school and public library, be aware that:

- ❖ There are significant obstacles inherent in combining libraries, as evidenced by the fact that only a handful of such libraries exist in Iowa and the surrounding states.
- ❖ While operating joint libraries is often seen as a way for cities and school districts to save money, per capita expenditures have actually increased in the last five Iowa communities where school and public libraries combined.
- ❖ Based upon data collected by the State Library of Iowa, combined libraries are much less likely to meet public library accreditation standards to qualify for Direct State Aid.

To assist Iowa communities in making informed decisions on whether to combine school and public library facilities, we recommend contacting your [District Consultant](#) for further guidance.

Outside Expertise

Because a library board and staff will not have the necessary expertise to deal with all aspects of a building project, outside consultants may be used to provide specialized guidance. They can advise on square footage estimates, help prevent mistakes, introduce new ideas, and sometimes defuse controversy. Some types of consultants whose services may be needed are: library building consultant, automation consultant, attorney, architect, certified public accountant, and State Library consultant. Building and renovation projects are complex, time consuming, and must be included in a city's capital improvement planning. Find more information on the [Library Buildings](#) webpage on the State Library website.

Architect Requirement for Designing a Public Library

In Iowa, a registered architect is required to perform the design of a public library. A library is considered a building for "governmental use." See **Iowa Code Chapter 544A** Registered Architects, and title **193B of the Iowa Administrative Code**. Refer to **Iowa Code Section 544A.16** for definitions and to **Section 544A.18** for exceptions. Questions about registered architects may be addressed to the [Iowa Professional Licensing Bureau](#),

515-281-7362 or visit the agency's website.

Construction Bidding Procedures Act

The Construction Bidding Procedures Act, enacted by the Iowa Legislature in 2006 for all contracts entered into by public owners on or after January 1, 2007, represents the most comprehensive rewrite of Iowa's competitive bidding laws. The legislation can be found in **Iowa Code Chapter 26**.

The act applies to "government entities" defined to include cities/libraries. **Iowa Code section 26.2** defines "public improvement" as "*a building or construction work which is constructed under the control of a governmental entity and is paid for in whole or in part with funds of the governmental entity...*"

The formal competitive bidding procedure is applicable to public improvements with an estimated cost exceeding \$100,000. There are several distinct steps in the competitive bidding process. Some of the required steps may occur behind the scenes, while other steps must be taken in public after public notice and after the public has been given the opportunity to address the governing body concerning the proposed public improvement. Any library planning construction of a library building or other "public improvement" should review this legislation.

Norelius Community Library Strategic Plan 2026-2029

Approved by Library Board of Trustees: _____

DEVELOPMENT OF PLAN: Library Director, **Kari Meyer** met with the Library Trustees on **September 22, 2025**, to create a list of survey participants and discuss the development of the strategic plan. At that time, the trustees included **Bill Bruce, Sandy Velasquez, Jeri Hough, Kari Segebart, Donna Koch, and Laurel Olsen**. A list of names, phone numbers, and meeting times was provided to **Misty Gray**, the State of Iowa Library District Consultant, who was tasked with conducting the surveys. The survey gathered feedback about library usage and the community in general. Results were tabulated and reviewed on **October 28, 2025**, leading to the creation of five strategic goals.

MISSION STATEMENT: The Norelius Community Library provides a center where residents in our diverse community may obtain information, resources, education and recreation through a full range of library services.

GOAL 1: COMMUNITY CONNECTION

Community members will be welcomed and supported through the library's role as a central hub for connection and information. The library will serve as "*Denison's living room*"—a safe, inviting space where residents can gather, find answers, and access local resources. In partnership with area businesses, the library will create a "*Welcome Package*" featuring items and information from local organizations to help new residents feel at home in the community.

Objective 1:

By **June 2026**, launch a "Welcome to Denison" resource program that includes at least 10 local business partners and provides welcome packets to 25 new residents each year.

- **Activity 1:** Identify and contact potential business partners by **February 2026**.
- **Activity 2:** Develop and put together "Welcome to Denison" packets by **April 2026**.
- **Activity 3:** Begin distributing packets through the library and participating businesses by **June 2026**.

Objective 2:

By **October 2026**, establish a monthly bilingual "Conversation & Connection Night" at the library to encourage interaction between English and Spanish speakers and strengthen cross-cultural relationships within the community.

- **Activity 1:** Partner with local schools, cultural organizations, and bilingual volunteers by **May 2026** to plan and promote the program.

- **Activity 2:** Purchase or gather bilingual and language-neutral board games by **July 2026**.
- **Activity 3:** Host the first Conversation & Connection Night by August 2026, and continue offering it monthly through **October 2027**.
- **Activity 4:** Collect participation numbers and feedback after each session to measure engagement and community impact.

Objective 3:

By **December 2026**, launch a “Beat the Blues” Winter Community Challenge in partnership with local businesses to encourage residents to stay engaged, active, and connected during the winter months.

- **Activity 1:** Collaborate with at least 10 local businesses by **November 2026** to design a punch card program that includes stops at participating businesses and the library.
- **Activity 2:** Create and distribute 100 punch cards through the library and participating businesses by **January 2027**.
- **Activity 3:** Promote the event through social media, local media outlets, and community bulletin boards beginning **December 2026**.
- **Activity 4:** Host a celebration or prize drawing in **March 2027** to recognize participants and business partners, using attendance and participation data to measure community engagement.

Goal 2: BOOK AND RESOURCE COLLECTION

Enhance the library’s collection to reflect the diverse interests, languages, and needs of the Denison community. A special focus will be placed on expanding Spanish-language materials and multimedia resources to better serve and engage Spanish-speaking residents.

Objective 1:

By **December 2026**, increase the library’s Spanish-language collection (books, DVDs, and digital materials) by 15% to better represent and serve the community’s bilingual population.

- **Activity 1:** Conduct a community survey and consult staff to identify the most requested Spanish-language materials by **March 2026**.
- **Activity 2:** Allocate a portion of the annual materials budget for Spanish-language acquisitions starting **April 2026**.
- **Activity 3:** Make contact with local schools, cultural groups, and regional libraries by April 2026 to share recommendations and resource lists.

Objective 2:

By **September 2027**, improve community awareness and use of the library’s Spanish-language and multicultural resources by 10% through targeted outreach and programming.

- **Activity 1:** In some Spanish speaking countries, it costs money to go to the library. Create a bilingual marketing campaign (flyers, social media posts, and in-library displays) promoting new Spanish-language materials by **October 2026**.
- **Activity 2:** Host *quarterly* bilingual programs or book displays that highlight authors, stories, and films representing diverse cultures.

- **Activity 3:** Outreach with local schools and community organizations to promote library cards and promote resource use among Spanish-speaking families.

Goal 3: Physical Building Updates/Redesign

Enhance the library's facilities to improve accessibility, functionality, and community use. Planned updates include creating a new parking area and main entrance, developing a larger meeting space, and ensuring full ADA accessibility to better serve all patrons.

Objective 1:

By **December 2027**, complete a comprehensive facility assessment and design plan to guide building improvements and ensure ADA compliance.

- **Activity 1:** Partner with an architectural or engineering firm by **March 2027** to conduct a facility assessment and determine needs.
- **Activity 2:** Gather input from library staff, trustees, and community members to identify priorities and design preferences by **June 2027**.
- **Activity 3:** Finalize a building redesign plan with cost estimates and phased implementation steps by **December 2027**.

Objective 2:

By **May 2028**, launch a capital fundraising campaign to support the building updates, with a goal of raising \$_____ (to be determined after assessment).

- **Activity 1:** Form a Fundraising Committee or hire a fundraising firm by **January 2028** to coordinate outreach, marketing, and donor relations.
- **Activity 2:** Develop campaign materials (brochures, naming opportunities, and online giving tools) by **February 2028**.
- **Activity 3:** Begin community fundraising and grant applications by **May 2028**, tracking progress quarterly.

Objective 3:

By **December 2029**, complete construction or renovation work to expand community space, improve accessibility, and enhance parking and entry areas.

- **Activity 1:** Secure necessary permits, bids, and contractor agreements by **June 2029**.
- **Activity 2:** Initiate construction on the parking area and front entrance by **July 2029**.
- **Activity 3:** Host a community open house to celebrate the improved library space by **December 2029**.

Plan Review and Evaluation: The Library Board of Trustees and the Library Director will review and evaluate the Strategic Plan quarterly to monitor progress toward established goals and objectives. During each review, the Board will assess completed activities, update timelines as needed, and make adjustments based on community needs, funding opportunities, and library priorities. An annual summary of progress will be discussed at a designated Board meeting each year to ensure the plan remains current and still reflects the library's mission and community focus.

- **Goal 1** runs 2026–2027 (community connection activities).
- **Goal 2** runs 2026–2027 (collection development).
- **Goal 3** runs 2027–2029 (building project, following logical progression).

The primary purpose of the Norelius Community Library is to select, purchase, organize, and make readily accessible books and other printed, recorded and on-line materials, and to stimulate interest and give guidance in their free use to everyone in the community regardless of age, sex, race, creed, or social, economic and educational level. These materials will represent the widest diversity of views and expressions available within our budget constraints.

Selection is made on total content and to provide the best that has been thought and said, not to restrain, but to give opportunity to choose from a variety of sources.

Selection will be made, where possible, to provide several points of view. New ideas, social change, unrest, and fear are always a threat to our personal comfort, but out of this is growth and freedom that has given the United States the elasticity to endure strain and to grow. In the final analysis, additions to the collection are chosen on total content.

Selections are made to make it possible for readers to choose from a variety of offerings and provide books and other media materials that enrich the quality and diversity of thought and expression. The Board favors free enterprise in ideas and expression. Books and other media materials are our greatest instruments of freedom.

The Library, its staff, board, or volunteer do not, by providing certain materials, endorse every idea made available. It is not our intent to impose our views; rather, we wish to provide material from which citizens can establish their own political, moral, or social views. We are not qualified, nor have we the right, to make moral or intellectual judgments for the citizens of our community or the patrons we serve.

The Library seeks to apply the same criteria in evaluating gifted materials that it applies to items purchased with funds received, however some gifted materials are designated by the donor for a specific purpose and the Library will seek to honor donative intent at all times.

We endorse the Library Bill of Rights. (Refer to the Iowa Library Association Intellectual Freedom Handbook). This can be found online at <http://www.ala.org/advocacy/intfreedom/librarybill>

Some material and equipment because of its nature may be kept in isolation; for example, bound newspapers, historical books, yearbooks, etc.

The library's collection will be evaluated in a regular, on-going manner. Materials may be removed from the collection if they are worn out, misleading, superseded, no longer circulating, or duplicated, or because of space limitations.

RECONSIDERATION REQUESTS POLICY

I. BOARD AND LIBRARIANS' RESPONSE TO A CHALLENGE OR INQUIRY

- A. Any complaint must be submitted on the proper form. The complaint forms are available at the circulation desk. Incomplete forms may be rejected or denied by the Library Director, in writing setting forth the basis for rejection or denial. Complaints rejected or denied due to lack of completeness may be resubmitted once the missing information is provided in writing on the complaint form.
- B. Defending the principle of freedom to read, rather than the individual item:
The Board and Librarians will attempt to be fair and objective.
The Board and Librarians must defend the responsibility to provide public information and enlightenment on all subjects, particularly controversial subjects.
The Board and Librarians will, if they deem it necessary or appropriate, consult the American Library Association Office for Intellectual Freedom and other appropriate national and state organizations concerned with intellectual freedom. Though complaints must be settled on a local level, there is value in the support and assistance of agencies outside the area that have no personal involvement.
- C. A Review Committee for Reconsideration shall consist of the following people:
- Two community representatives, one of whom is chosen by the Director and one of whom is chosen by the Youth Services Librarian. If the Director or Youth Service Librarian is absent or otherwise unable to choose a community representative, the President shall choose the community representative.
 - Library Board President who is president at the time a complaint is filed.
 - Library Board Member with the longest tenure on the Board who is not the President or Vice President.
 - One alternate from the Library Board who is nominated by a majority of the members present at the meeting called for the purpose of naming a Review Committee.
 - Library Director (if the challenged book is a children's book) or
 - Children's Librarian (if the challenged book is an adult book)
- D. The Library Board reserves the right to amend this policy at any time, including after a complaint has been received.
- E. A Review Committee will determine whether to remove the challenged material, segregate the material, or continue to keep the material accessible to any patron.

The current committee shall be listed on the Directory Page of the Library Policy, available on request at the circulation desk.

The Library Director shall attend all Library Board meetings except those at which his/her appointment, salary, or performance is to be discussed or decided; however, the Library Director does not have power to vote.

Failure to pay for lost or damaged materials shall result in suspended Library checkout privileges. Patrons who owe the library for lost or damaged materials are expected to make a good faith effort at paying these charges by making at a minimum, a monthly payment in order to access the public computers.

NORELIUS COMMUNITY LIBRARY

PROCUREMENT POLICY

PURPOSE OF THIS POLICY

The purpose of this procurement policy is to enact guidelines for the Board of Trustees, Library Director and Library staff in furtherance of the City of Denison's procurement policy which was established on March 5, 2019. The Board always has the authority to alter these policies and procedures during any lawfully-called meeting but absent unusual circumstances, it is determined by the Board to be in the best interests of the citizens that the below guidelines be followed.

POLICY

1. The Library Director is authorized to make any and all purchases necessary and incident to running the library so long as the total amount of the purchases does not exceed the amount allocated to any particular line item in the budget in that budget year. For example, the 2019-2020 budget provides \$500.00 for "dues and subscriptions". The Director may spend all \$500.00 of this amount without seeking the Board's pre-approval.
2. The Library Director may authorize any staff member to complete purchases on behalf of the Library, in the ordinary course of business.
3. If the financial allocation made in any line-item of the approved budget is insufficient, the Library Director shall consult with the Board before using funds from one line item to pay for items that should be allocated to another line item. For example, the 2019-2020 budget lists "Binding" as an expense and has allocated \$1,000.00 for this expense. If it is perceived by the Director that some or all of the "binding" money will not be needed for binding that year and can instead be better used to cover an added "technology" expense, or other line-item expenses, the Director will bring this to the Board's attention at the monthly meeting prior to exceeding the budgeted line-item for "technology". If the Board approves movement of funds from one line-item to another, when said funds are spent, they shall be tracked and logged by the Library Director and placed into the budgeted line-item expense category most appropriate for the actual use of the funds rather than the budgeted use of the funds. Accordingly, if the "binding" money is all spent on "technology" the expense shall be logged as "technology" so that the Director, Board, and city have a better idea of the actual, ongoing needs of the library for the next budget year.

PROHIBITED PURCHASES

The following purchases cannot be made from Library funds:

1. The purchase of any illegal substance or services
2. Gambling related purchases
3. Purchases made for personal benefit with no value to the Library
4. Any purchase not done in accord with state or federal law

GENERAL PROCUREMENT GUIDELINES

1. Any one-time purchase which is anticipated to exceed \$5,000.00 must be approved by the Board in advance of the expenditure except payroll expenses.
2. All improvements that are \$25,000, or more, will require a performance bond, per city code. The Director shall coordinate with the City Manager for these types of larger expenses.
3. Purchases over \$5,000 will require at least two price quotes or estimates, in writing. If the Library is unable to obtain more than one quote or estimate because the goods or services are special or unique or due to lack of interest, the Board and Director shall make special note of that fact in the Minutes for the meeting during which any quote or estimate is approved.

NO PREFERENCES OR DISCRIMINATION

The Library will not discriminate against any person or entity due to their geographic location when determining whether or not to accept any quotes, bids, or estimates for purchases over \$5,000.00. The Library Director is authorized to contact any supplier/provider of which the Library Director is aware whether via the Director's own knowledge, or upon advice of the Board, Library Friends, colleagues, staff, or other individuals. No preference shall be automatically given to any person or entity.

In determining whether or not to accept any bids or quotes or estimates, the Director and Board may, but are not required to, consider: the provider/supplier's written or oral references, the provider/supplier's history of good or bad performance, the time-frame in which the provider/supplier can perform the work, the amount of the bid compared to others, whether the provider is insured, whether the provider/supplier has any warranties or guarantees, or any other legitimate factor, but no illegal factors such as age, race, gender, sexual orientation, national origin, religion, or geographic location. No factor is dispositive nor more or less important than any other factor.

 - D. Except in cases where the staff feels in physical danger, they will discuss the inappropriate behavior with the patron, suggest alternatives, and if necessary, state the consequences of the behavior.

 - F. In cases where a patron, whether juvenile or adult, continues to behave in an inappropriate manner after the staff has warned the patron that such behavior is inappropriate, the staff member in charge is authorized to tell the patron to leave, and to call the police if the patron refuses.

RE: Proposal and Agreement for Services – Space Utilization Study

Dear Kari,

We appreciate the opportunity to submit this proposal for professional design services and to collaborate with you and the Norelius Community Library on this forward-looking Space Utilization Study. Based on our preliminary discussions and our experience with similar projects, we have developed the following scope of work to address the goals of the library.

Project Objectives

It is our understanding that the library intends to update its interior spaces to further establish itself as “Denison’s Living Room.” The goal is to create a more welcoming, functional, and connected environment for the community.

Proposed updates may include:

- Rearranging existing furniture and incorporating new furnishings in select areas.
- Strengthening connections to outdoor spaces and introducing additional daylight opportunities.
- Adding one or more study rooms.
- Enhancing the teen area.
- Updating finishes and lighting throughout the facility.

This proposal includes conceptual interior design concepts for the existing library space, with consideration for potential future expansion.

This space study is the first step in ongoing efforts to improve and expand the library. We anticipate that future steps may include:

- Preliminary Design for remodeling and possibly expansion.
- Introducing more natural light into the library.
- Parking expansion or reconfiguration
- Creating some outdoor program space
- Addressing security concerns

Scope of Services

1. **Space Utilization Study** – Develop conceptual layouts for alternative interior configurations using existing building drawings as a base. The perimeter walls will remain in place, and the design will explore flexible and adaptable furniture solutions.
2. **Interior Finishes Review** – Assess current finishes, identify those needing replacement, and propose new materials to enhance the library’s aesthetic and durability.
3. **Lighting Review** – Evaluate the existing lighting system and recommend updated, energy-efficient replacement options.
4. **Conceptual Budget** – Provide a conceptual budget outlining estimated costs for the selected design options.

Schedule

These services are expected to be completed within approximately six weeks from the date of the signed agreement.

Compensation

Based on the scope described above, FEH Design proposes to provide professional services on an hourly basis for a fee not to exceed \$7,500.

Reimbursable Expenses

Reimbursable expenses, if applicable, will be billed at 1.10 times the consultant's cost. Such expenses may include travel costs associated with the project, billed at the current IRS mileage rate for automobile travel.

We look forward to partnering with you on this important community project and helping the Norelius Community Library continue to serve as a vibrant and welcoming hub for Denison residents.

Sincerely,

Cory W. Sharp, AIA
Principal, FEH Design
