

Norelius Community Library

PUBLIC USE OF CHILDREN'S AREA

I. PURPOSE OF THIS POLICY

The Children's Library within the Library facilities is a special part of the library housing special collections, programs and services designed especially for children (babies through age 11). The purpose of the Children's Library in the Norelius Community Library is therefore to provide children and their caregivers with access to these special children's materials, programs and services.

II. POLICY

The Children's department is available for use by those patrons who are accessing the special materials contained in the Children's collection for use by children and their caregivers, to attend children's programs, and to utilize other services provided by the children's departments. Patrons not included in these categories may use all services and materials in the Children's library, however, use by children through age 11, and their caregivers, will be given priority over use of individuals older than age 11.
